AGEING WITH A LIFELONG DISABILITY: A GUIDE TO PRACTICE, PROGRAM AND POLICY ISSUES FOR HUMAN SERVICES PROFESSIONALS

Jessica Kingsley Publishers. Paperback. Book Condition: new. BRAND NEW, Ageing with a Lifelong Disability: A Guide to Practice, Program and Policy Issues for Human Services Professionals, Christine Bigby, Gordon Grant, 'A comprehensive text addressing this issue is welcome and this book addresses service provision for older people with disabilities from a UK, USA and Australian perspective. The book would serve as a useful reference book for Health and Social Service personnel, particularly students, from a variety of disciplines working with older adults, in the learning disability field or with older people who have lifelong physical disabilities. A particular strength is the inclusion of case vignettes that describe individual older clients with lifelong disabilities; interesting questions are posed for discussion which relate to the subject matter in each of the five sections. The vignettes are interesting and enjoyable to read and would be useful for group work/teaching purposes.' - International Journal of Geriatric Psychiatry 'This book is most welcome with an extensive review of the research and service development in the United States, the United Kingdom and Australia with illustrative vignettes and relevant questions following the first four parts of the book. Suggested literature is also part of each chapter. All in all, a book recommended for both practitioners, researchers and policy makers involved with persons with life long disability as they age.' - International Journal of Adolescent Medical Health 'In all, this book is an essential addition to the library of service provider organisations, policymakers, researchers, and families and all who wish to share in ensuring the well-being and quality lifestyles of this growing and emerging group of citizens. I see this book as a seminal text in this area.' - Marie Knox (School of Humanities and Human Services, Queensland University of Technology, Brisbane) in Intellectual Disability Australasia 'This book...
