Not illustrated. 1859 Excerpt: . ascertained, and which the practitioner vainly endeavours to remove by the internal administration of medicines? Even in private practice, where there would be no obstacle to the free use of baths, how seldom do they form part of the treatment, unless there should happen to be any existing disease of the skin! In many instances, however, the digestive powers become deranged, and the general health is undermined, from a neglect to pay proper attention to the state of the skin; and a large proportion of the catarrhal, rheumatic, and nervous affections so prevalent in the variable climate of Great Britain, might be traced to the same source. The tendency to these complaints, as well as to pulmonary consumption, would be materially lessened, were persons, while in health, accustomed to attend to the functions of the skin, by the employment of bathing and cold ablutions more...

Reviews

This publication may be really worth a go through, and a lot better than other. It really is written in simple terms and never difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Natalie Abbott**

This book will not be simple to get going on reading but extremely exciting to read through. Yes, it can be playful, still an interesting and amazing literature. I am very easily could possibly get a delight of reading a written book.
