Diver Medic Field Operations: A Practical Guide

By Cmdr Ronald L Ellerman

Createspace, United States, 2012. Paperback. Book Condition: New. 229 x 155 mm. Language: English . Brand New Book ***** Print on Demand *****.Diver Medic Field Operations: A Practical Guide is just that, a practical guide. This text has been written to provide trained Diver Medics with a reference guide to care for individuals in need of not only emergency care but also many of the non-emergent clinical medical issues that arise in remote locations. It is assumed that the medics utilizing this material are trained to a level of at least emergency medical technician or equivalent and are properly supplied and equipped. This is not a survival or do-it-yourself manual. Rather it is a combination of several fields of medicine and treatment regimens that would apply to the Diver Medic s skill set in an isolated area. In many cases, the Diver Medic working in the remote areas of the world, isolated from definitive healthcare facilities or advanced emergency medical services, may be the only source of healthcare for those in their charge. As such, their medical mission will not be limited to providing just emergency care to those critically ill or injured. It will also involve dealing with common...
